ANNUAL
REPORT

MESSAGE FROM OUR EXECUTIVE DIRECTOR

As we reflect on this year one word comes to mind: transformative. We have so much to celebrate, and we could not have done it without our strong network of clients, donors, volunteers, staff, and partners. 2019 marked the Rape Recovery Center's 45th anniversary. We celebrated this exciting milestone with a commemorative video made by the generous and talented Syna Harris, with contributions from many of the important individuals who helped grow the center in big and beautiful ways over the past four and a half decades.

This year was one of several exciting "firsts" for the center - including the launch of our new Entrenamiento de Asesoría, a 40 hour advocacy training that certifies new sexual assault counselors in the Spanish speaking community. We look forward to hosting future training's in partnership with the Utah Coalition Against Sexual Assault. This training precipitated the launch of our Spanish 24 hour crisis line. This new program ensures that Spanish-speaking survivors can access an advocate who is fluent in their language 24 hours a day, 7 days a week (previously Spanish language callers to our crisis line were served through a translation service).

We worked hard to expand our prevention services in 2019, hiring a full-time Prevention Coordinator to join our growing Education and Outreach Team. A new grant was awarded through the Department of Justice, in partnership with the International Rescue Committee. This program, the Refugee and New American Men and Boys Ally Education Project, will allow us to grow our prevention services in new and exciting ways.

As we reflect on the past year, we are proud to share that over 14,000 lives were impacted by the services offered at the Rape Recover Center this year. We move into 2020 with a continued commitment to providing these essential services, and to growing our prevention efforts as we move toward our vision of a community free from sexual violence.

MARA HAIGHT, CMHC

STAFF & BOARD

“ ”

I am forever grateful for all the services I have received here, especially as a low income disabled person. Special thanks to Camie for helping me change the way I see myself and heal. Thank you to all the RRC staff!

-Survivor and Client

In 2019, the Rape Recovery Center provided more than 24,000 direct services to survivors, and reached over 14,000 individuals through our direct services and education efforts.

CLIENT SERVICES

In 2019, the Rape Recovery Center team provided the following services:

601 HOSPITAL ACCOMPANIMENTS during rape kit collection.

3,591 MOBILE ADVOCACY at Salt Lake County hospitals and clinics.

1,977 FOLLOW-UP CONTACTS following rape kit collection.

2,324 CRISIS INTERVENTION in person and over the phone.

3,331 PERSONAL ADVOCACY to help survivors navigate various systems and reduce barriers to stability.

3,526 REFERRALS to other providers and services.

"Treatment at the RRC has helped me regain control over my body, mind, and life after traumatic experiences."
-Survivor and Client

**OUR DIRECT SERVICE PROGRAMS PROVIDED
12,075 HOURS
OF CLIENT SERVICES.**

1,914 SKILLS COUNSELING sessions, providing options for coping with post-traumatic stress.

2,394 INDIVIDUAL THERAPY sessions from professional clinicians.

Racial & Ethnic Identity

ACCORDING TO OUR CLIENT SURVEYS:

64% of Clients have a Disability

23% of Clients identify as LGBTQ

90% of Clients earn less than half the Area Median Income

These statistics represent those served by the Rape Recovery Center and do not accurately reflect the larger population of individuals impacted by sexual violence.

SEXUAL ASSAULT AWARENESS MONTH

- Each April, the Rape Recovery Center celebrates Sexual Assault Awareness Month (SAAM)
- The 2019 SAAM theme was "I Ask"
- In 2019, our center hosted four SAAM events in which, approximately 252 community members participated throughout the month.

“ I Ask is about envisioning a world where every single individual is able to ask for what they need in their process. Whether that is healing from their own experience of sexual violence, learning about consent for the first time or working towards radical change for future generations. - Stephany Murguia, Director of Education and Outreach ”

The Rape Recovery Center works collaboratively with many partners to bring education to communities throughout Utah. We partner with many agencies, along with Junior High, High School, and College campuses throughout Salt Lake County to provide information around healthy relationships, consent, trauma and services.

Community Partners:

- Talk to a Survivor
- Sorenson Unity Center
- Utah Pride Center
- Art Access
- Utah Office for Victims of Crime
- University of Utah Wellness Center
- Centro de la Familia
- Glendale Community Learning Center
- VA Salt Lake City Health Care System
- International Medical Center
- South Valley Services
- Univ. of Utah's LGBT Resource Center
- Go Girlz at the University of Utah
- Utah Museum of Fine Arts
- Utah Health Department
- University Neighborhood Partners
- Murray City
- West Valley City
- Wasatch Forensic Nurses
- Restoring Ancestral Winds
- Utah Grizzlies
- Herriman City
- Utah Domestic Violence Council
- Utah Coalition Against Sexual Assault
- Comunidades Unidas
- Mexican Consulate of Salt Lake City
- Unified Police Department
- Valley Behavioral Health
- Planned Parenthood Association of Utah
- International Rescue Committee
- Utah Foster Care Association
- South Main Clinic

School Partners:

- Cyprus High School
- Granger High School
- Hunter High School
- Valley High School
- Salt Lake Center for Science and Education
- Bryant Middle School
- Murray High School
- University of Utah
- Westminster college
- Salt Lake Community College
- Brigham Young University
- Madeleine Choir School
- Taylorville High School
- West High School
- Mana Academy

EDUCATION & OUTREACH

PREVENTION

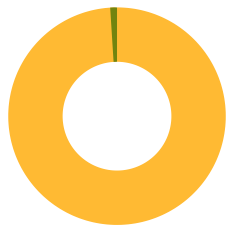

We firmly believe that we can live in a community where everyone is safe and free from violence. Our prevention team works to make this dream a reality, ensuring that communities have the support they need to address the root causes of violence. In 2019, we focused on growing our long term prevention collaborations and strategic partnerships to ensure that all communities have access to the resources and information they need to take prevention into their homes and hearts.

- Through our **Let's Get Consensual** Bar Intervention curricula, we partnered with two local bars to teach intervention skills to their staff.
- For the first time in Rape Recovery Center history we received a competitive grant to create the **Refugee and New American Men and Boys Ally Education Project** a partnership with the International Rescue Committee.

- Utilizing our **Qumunities Curricula** we were able to provide two, 8-week LGBTQ+ focused healthy relationship cohorts.
- **Statewide Partners in Prevention** is a working group consisting of sexual assault services across the state; working through complex policy initiatives to set the standards for violence prevention in the state.
- Our **School District Partnerships** with Salt Lake School District and Granite School District has allowed us to work with schools and stakeholders to tailor prevention initiatives to local cultures.

98%

Of Clients would recommend our services to a friend

ACCORDING TO OUTCOME SURVEYS

97% of Clients receiving therapy report a decrease in their post traumatic stress symptoms

95% of Clients who completed short-term counseling improved their coping skills

99% of Clients who met with a hospital-based advocate report services helped them cope more effectively

PARTICIPANTS IN OUR SEXUAL VIOLENCE PREVENTION PROGRAM:

Increased non-violent problem solving skills

- More likely to ask someone for advice on how to handle a situation where they are angry
- More likely to listen to the other person's side of the story when they were angry at them
- More likely to ask the other person how they were feeling when they were angry at them

Increased Intervention and Help-Seeking Behaviors

- More likely to seek services for domestic and sexual violence.
- More likely to identify emotional and psychological abuse in addition to physical abuse as in need of intervention.
- More likely to accurately define and practice consent overall
- Bar staff reported a substantial increase in direct intervention in problematic behaviors in their establishments.

Decreased attitudes that promote sexual violence

- Youth identified being more empowered to define and utilize positive consent
- Parents identified being more empowered to intervene in problematic situations for their children and to teach them about positive consent more often
- More likely to agree with the statement "if me or someone I know is experiencing a problem like domestic violence, sexual violence, or bullying, I know at least one person I can trust and go to for help"

"The Rape Recovery Center has helped me find healing within myself and within a community of my peers. I don't feel so alone in my journey of healing anymore and I am so grateful and extremely thankful for that!"
-Survivor and Client

"El apoyo que brindan en lo personal me a ayudado a confiar, primeramente en mi misma y a confiar en las personas, a quererme y aceptarme tal como soy con defecto y virtudes a pesar de las circunstancias"
-Sobreviviente y Cliente

"The support you provide personally it has helped me to trust, first of all in myself and trust people, to love and accept myself as I am with defect and virtues despite the circumstances"
- Survivor and Client
